Product Portfolio

ANTIMICROBIAL

Our full range of HPL is Antibacterial, tested under the JIS Z 2801 method. Silver ions nanotechnology offers antimicrobial and anti-fungal protection, reducing up to 99.9% of microbes on the surface. Lamitech surfaces are also proven against germs and some viruses.

FIRE RATED

Ideal whenever fire codes specify an HPL with combustion resistance and smoke inhibition. Tested under ASTM E 84 and EN 13501-1 standards.

HIGH WEAR

Offers up to six times the abrasion resistance of a conventional laminate.

Special Products

COMPACT

Extremely durable, thick, structural non-porous high pressure laminate (no substrate required) for interior use.

EX⁺ COMPACT

Extremely durable, exterior compact laminate for horizontal applications.

PANELEX

Thermostable architectural panel for exterior vertical application, used as wall cladding in ventilated façades.

CHROMACORE

High pressure laminate homogeneous color throughout.

CHEMLAM

High pressure laminate resistant to chemicals, produced with patented technology for surfaces that are exposed to the most stringent and demanding applications.

BOARDS

Our HPL is ideal to produce dry marker, chalk, magnetics and projectable (smart) boards.

METAL

Our HPL produced with real metal foils for sophisticated looks.

Product Portfolio

REAL

Exclusive embossed in-register collection
An amazing level of realism to both sight and touch for striking surfaces in both thin and compact laminate.

YouLab, Digital print solutions

Create the best experiential exhibits with an ideal combination of the latest technology in high end digital imaging with the quality and durability of our HPL with stunning graphics.

OPAK

Our super-matte laminate developed with high end technology for the most demanding horizontal applications, requiring the highest scratch resistance. Properties: Low reflectivity, anti finger print, water repellent Applications: Kitchen counters, work surfaces such as desks and conference tables, among others.

DURAGLOSS

High gloss MDF panels with the highest technology in lacquered surfaces for vertical applications.
Páneles de MDF en alto brillo con la más alta tecnología en superficies lacadas para aplicaciones verticales.

EDGEBANDING

PVC edgebanding with textures and finishes equivalent to those of our HPL collection, to get a more natural look.

Product Portfolio

For surfaces that require resistance to chemicals.
